

# Achieving Health and Wealth is easy when you start your own Xooma Home-Based Business

Each and every day, tens of thousands of people around the world enjoy the health & performance benefits of our products. In fact, most of them are so excited about the discovery of products like X2O & X2O BLAST that they can't help but tell other people about them. And at Xooma Worldwide, we believe this "word-of-mouth" advertising is more valuable than any advertisement we could run on TV & radio or in magazines & newspapers.

So, instead of spending millions of dollars on traditional advertising, we pay people like YOU for sharing Xooma with others. By choosing this option, we grow our Company using powerful "word-of-mouth" advertising while at the same time helping people around the world earn a part-time or full-time income through their own Xooma home-based business.

By helping us spread the word about Xooma, Xtreme X2O, and other Xooma products, you're rewarded for your efforts with an extremely lucrative pay plan. With multiple income streams (including monthly and weekly payments) and minimal qualifications for maximum income, chances are you won't find a more rewarding or realistic home-based business than ours.

Our Compensation Plan is designed to be simple, lucrative, and fun. Created by a team of successful home-business experts, we give you three starting points to choose from as a Xooma Member.

**Choose the level of participation and commitment that works best for YOU.**

## Wholesale Member

As a "Wholesale Member" your main reason for joining Xooma is to receive the best discounts and lowest prices on Xooma's products for your own personal use. And as long as you have a minimum monthly order of \$25 of Xtreme X2O you'll remain "active" in our Company and continue to enjoy all of Xooma's products at wholesale prices.

## Basic Business Member

As a "Basic Business Member" you've made the decision to start your own Xooma business in addition to getting the best discounts and lowest prices on Xooma's products. By choosing this option you commit to purchasing and/or selling between \$25 - \$100 of X2O (and other Xooma products) each month. You'll automatically receive your business position in our Team Matrix Compensation Plan and have the potential to earn additional income through the Sponsor Tree Compensation Plan. This option works best for people who want to start out a little slower or for those who may not have the ability to be "active" in their business at least 10 hours per week.

## Executive Fast Start Member (Our most popular option)

As a "Fast Start Executive" you're not only getting the best discounts and lowest prices on Xooma's products, you're serious about building a strong and profitable Xooma business. By choosing this option you commit to purchasing and/or selling at least \$125 of X2O (and other Xooma products) each month. You'll start your business with one of Xooma's money-saving Fast Start Packages and automatically activate your business positions in all 3 of our main compensation plans: the UniLevel Bonus, Sponsor Tree, and Team Matrix. In addition, you'll be eligible for all future Fast Start Bonuses within your organization. This option is ideal for people who want to earn money as fast as possible and have the ability to be "active" in their business 10 - 15 hours per week.

**SIMPLE, LUCRATIVE,  
AND FUN!**
