## Is Your Body Acidic?

The foundation of healthy pH balance is drinking plenty of alkaline water. The easiest way to "supercharge" the alkalinity of your water is by drinking Xtreme X20 every day!

Unfortunately, most of the foods and beverages we consume on a daily basis cause our bodies to become acidic. And the more acidic we are, the more likely we are to store fat and experience poor health. But, with just one sachet of X20, you can transform your water into a highly alkaline beverage that helps to neutralize acid in your body and trigger the release of excess fat and improve your overall health.

## MetaboWize™ AM Formula (60 capsules)

It also contains nutrients that help to boost levels of the feel-good brain chemical serotonin, which is necessary for effective relaxation, deep sleep, craving control and fat loss. The MetaboWize PM Formula will help maintain an optimal metabolic rate, help reduce excess stress hormones, help support a healthy sleep cycle and help repair, renew and reactivate muscle cells to optimize metabolic function.

## MetaboWize™ Nature's Body Cleanse (60 Capsules)

Toxin accumulation caused by slow bowel transit time can lead to a reduction in overall health and well-being. Nature's Body Cleanse increases the consumption of dietary fiber, which helps decrease bowel transit time by gently cleansing the intestinal tract. Nature's Body Cleanse enhances bowel ecology, regularity, and promotes optimal nutrient absorption. Regular digestive system cleansing also promotes fast and effective weight loss.
