

Team Matrix

The Xooma “Matrix” is a structured compensation plan that strategically limits width which promotes fast **growth and excellent long-term residual income** for those Members who stay committed to their business.

This special compensation plan is designed exclusively for the sales of Xooma Worldwide’s leading product – “Xtreme X20.” Since **every** Xooma Member is required to use or sell a minimum of \$25 (or more) per month worth of X20 to stay active in their business, your Matrix grows **every time your Sponsorship Tree grows**. So, as you focus on building your Xooma business with the Uni-Level Bonus and Sponsorship Tree Compensation Plan, your Matrix is **growing automatically** with new Members and more X20 sales volume!

The commission percentages you qualify to earn in your Matrix are simply based on the number of active Members you’ve personally sponsored and the amount of X20 you are personally using and / or selling per month.
