The Most Realistic Plan for Quick & Universal Success in the Industry!

What is your favorite Xooma product? X2O™? FocusUP®? For some, it's the MONEY! The good news is that in Xooma, you can easily have both. Xooma's Prosperity Plan has been designed to provide our Members with the quickest route to residual profit in their business.

The **Rapid Rewards program** is the foundation of Xooma's Prosperity Plan. We often hear of this program being referred to as 'Get Four Get FREE' or 'Get 4 Pay No More'. This exclusive program (when combined with our Dual Team Commission Structure) allows you to get into monthly profit mode with just 4 personally-sponsored Members on your team who also order \$100 or more a month in Xooma products. What does 'profit mode' mean in Xooma? It means that you're earning enough in commission to offset the cost of your business. And in Xooma, the **ONLY** cost to your business is your monthly product purchase (\$100 minimum).

Your second goal with Xooma's Rapid Rewards Program is to simply help your 4 Members get their products for FREE, also. Once you've done this (by reaching 16 members on your 2nd level of sponsorship) you will have 20 total Members on your team. That means you can earn an average of \$464 or more. This is why there is such a buzz right now about Xooma having one of the most generous pay plans in the Direct Sales Industry. Can you think of anywhere else that you can get a monthly return of nearly 25% of your sales volume?

Here's what's even more exciting. As your team continues to grow, you will earn more Dual Team Cycles (\$24 each) and a 25% matching bonus on each Dual Team Cycle earned by each of your personally-sponsored team members. And the best part? National Managers receive an extra 10% match on these same commissions. There's no limit to the number of members on whom you can match commission. Want to take your business to the next level? Ask your Xooma sponsor about becoming a National Manager with Xooma.

This is just the beginning of how Xooma's Prosperity Plan works on your behalf. So keep sharing Xooma, get your products for free, and earn residual income every month!

Xooma's Omega 3/75™ contains higher quality fish oil

We have recently upgraded Omega 3/75 with a trademarked Omega 3 fish oil called Incromega™. This higher quality formula means there are more benefits for your health. And the exciting part is it comes at *no additional cost to you!*

Xooma's Omega 3/75 is a one-of-a-kind, ultra-pure formula that contains a high ratio of EPA & DHA (Essential Fatty Acids) along with shark liver oil and squalene for immune system support. *Adding Incromega™ to the formulation includes higher concentrations of EPA and DHA, meaning further health benefits for you.* All the oils in this trademarked formula are derived from wild deep-sea cold-water fish and work to support optimal immune function by providing powerful antioxidants and by stimulating the production of white blood cells (neutrophils and macrophages).

With the importance of omega fish oil in your daily diet, now you can enjoy our new and improved **Omega 3/75**. Order Item **#1101**, with a Member price of only \$30/bottle.

The 'Protein' Scoop

Xooma's MetaboWize Protein Fiber Shake™ is one of the highest quality protein shakes on the market, and at one of the most affordable prices.

So what makes it so high quality? Glad you asked. The MetaboWize Protein Fiber Shake contains high

levels of only the best quality whey isolates and concentrates. The protein is produced by using a cross-flow microfiltration process, not an ion-exchange, which loses many of the most important sub-fractions found in whey protein. This process also filters out the lactose (milk sugar) and 99.5% of the casein, which can be a problematic milk protein. Not only that, the whey protein comes from cows that are grass fed and not treated with hormones or antibiotics. Unlike many protein shake brands, MetaboWize's protein shake offers high protein (20 grams) and low sugar (plant-based stevia) and low carbohydrates.

Now you know why the MetaboWize Protein Fiber Shake is so pure, natural and high quality. Plus you can get even more benefits by using X2O™ water in your shake.

Order yours today, with Member price of only \$59.95!
