Summer: A Season of Growth— For Your Health and Your Income

Summer is right around the corner in North America—and with it comes a golden opportunity to grow your Xooma business, expand your team, and boost your income.

As the weather warms up, people naturally head outdoors to enjoy everything from backyard barbecues and hiking trips to beach days and family vacations. This seasonal shift means Xooma's health-boosting products are in higher demand than ever. Why? Because they meet the real needs people have in the summer months.

Hydration is Key

With hotter days and more physical activity, staying properly hydrated becomes essential. That's why now is the perfect time to introduce people to **X₂O**—an easy way to replenish vital minerals and electrolytes and stay energized in the heat.

Fuel for Busy Days

Longer days often mean more on our plates: yard work, sports, travel, and endless to-do lists. To keep up with it all, we need focus, mental clarity, and stamina. That's where **FOCUS UP** shines. This powerful formula helps people stay sharp and energized all day long. Best of all, people notice a positive DIFFERENCE in the way they feel within 30 minutes after taking this product.

Natural Relief When You Need It

Summer fun can sometimes come with minor setbacks—like sunburns, scrapes, insect bites, or eye irritation. Thankfully, **SILVER MAX** (in both liquid and gel form) provides fast, soothing relief and helps support the body's natural healing process.

Feel Confident This Summer

Swimsuits, shorts, and sleeveless tops are summer staples—but if the past year left you carrying a few extra pounds, you may no longer love the way your clothes fit or the reflection in your mirror at home.

The **MetaboWize** System, including our **Rapid Results** program, is a proven way to help people lose weight and feel great—fast. In fact, it can help you shed up to 5 pounds (or more) in just 5 days with no weird side effects (*like so many of those popular & expensive weight loss shots*). Know anyone who might be interested? Of course you do and we have the solution they are looking for.

Why Wait? The Season to Share Is Now

Summer is all about energy, activity, and fresh starts. It's also the perfect time to share the life-changing benefits of Xooma. With products that truly meet the moment—and people actively looking for solutions—this is your chance to help others and grow your income.

So get out there, spread the word, and watch your business thrive this summer.

New Product Catalog — now in stock

Xooma's catalog has been completely updated with all of our newest products, labels and formulas. The new cover design is just one of several new changes to this important marketing tool. Even if you're doing most of your business promotion using our websites and digital tools, having some print versions of Xooma's product catalog on hand is still valuable for your growing your team of customers and Members.

Why? Because putting a physical catalog in someone's hand almost always ensures that they take a little time to look over everything we offer. So make a small investment in your success this month and pick up a pack or two of our new product catalogs. At **just \$17.95 for 10**, they're super affordable. Simply order ITEM #108.

EARN EXTRA REWARD\$ IN JUNE!

As we enter the first month of our 21st year in business, we're celebrating by offering you MORE rewards when you help new people become a Xooma Member in June.

In addition to all the income streams offered through our Prosperity Plan, we're also going to reward you with an extra **\$500 Cash** or up to \$200 in Free Xooma Products for your efforts.

And don't forget, your new Members can get started for as little as \$99 with our popular Exploration Pack (Item #9099).

Get all the details by visiting your **Xooma.com** website, click on the 'News' tab and then click on 'Incentive Programs' tab.

June is National Alzheimer's & Brain Awareness Month

— Here's Why Your Brain Deserves the Spotlight

When was the last time you really thought about your brain? For most of us, it's easy to take our mental sharpness for granted—until we misplace our keys for the third time in a week or walk into a room and forget why we're there.

Sound familiar?

Whether it's the frustrating forgetfulness of daily life, the fog that makes it hard to focus, or that drained feeling like your mind's stuck in low-power mode, these are signs your brain might need a little TLC.

The truth is, when your brain isn't firing on all cylinders, **everything** in your life feels harder—your work, your relationships, even the simple act of enjoying your day. So why wait until things go downhill before giving your brain the support it deserves?

Luckily, as a Xooma Member, you've got access to some powerful tools designed to help protect and nourish your brain—so you can think clearer, feel better, and stay sharp at every age. **Here's how:**

X20: Hydration That Powers the Mind

Did you know your brain is about 75% water? Even slight dehydration can make your mental performance lag. That's where X20 comes in—hydrating your body from the inside out, helping to keep your brain alert and energized.

Pro Tip: Your sense of thirst actually fades with age, so don't wait until you feel 'thirsty'—sip X20-infused water regularly throughout the day.

FocusUP: Fuel for Energy, Focus & Clarity

Need an energy boost that won't leave you jittery or crashing? FocusUP delivers clean, focused energy thanks to a blend of proven, clinically researched nutrients. Whether you're powering through a big project or just trying to remember where you left your phone, this much loved, top-selling supplement will sharpen focus, improve mood, and enhance memory—all in one smart formula. Best of all, it makes you feel energized and mentally alert.

RevitalMind: Rewind the Clock on Mental Aging

If you're 40 or over, this may be the brain boosting, anti-aging solution you've been looking for. RevitalMind is loaded with clinically researched, trademarked ingredients that feed your brain the nutrients it craves. In fact, one of

the ingredients in this formula has even been shown to reverse mental aging by up to **10 years** in human studies. Imagine what you could do with a decade's worth of brainpower back on your side.

RevitalMind is a powerhouse of protection for anyone worried about age-related mental decline.

Omega 3/75: Essential Fats for Mental Health

Your brain loves omega-3s—especially EPA and DHA found in high-quality fish oil. These healthy fats play a critical role in cognitive function and emotional well-being. People struggling with brain fog or low mood may see real improvements with Omega 3/75, a pure and powerful supplement your brain will thank you for.

Your Brain is Your Best Asset—Take Care of It

This month, as we recognize National Alzheimer's & Brain Awareness Month, make it a point to show your brain some love. Support it. Feed it. Hydrate it. Protect it. Because when your brain feels better, **everything** feels better

Alzheimer's begins 20 years or more before memory loss and other symptoms develop.

~Alzheimer's Association

If you're like most people, you get cravings for 'sweet stuff' occasionally. And for some of us, those sweet cravings happen **DAILY**. But instead of reaching for something that's loaded with sugar, calories and a bunch of unhealthy ingredients, you can enjoy one of these high quality Xooma beverages...that are loaded with health benefits...to satisfy that 'sweet tooth.'

XOOMA BLAST: A fruit, veggie, and mushroom superfood beverage available in 3 mouthwatering flavors - Strawberry/Dragon Fruit Lemonade, Grape Xcape and Limeonade. Great taste with **no** artificial ingredients, **no** sugar and **just 5 calories** per serving.

METABOWIZE PROTEIN SHAKES: Delicious Creamy Vanilla or rich Chocolate Crave flavors with **no** artificial ingredients, 21 grams of protein, only 2 grams of sugar and just 150 calories. Blend with ice and your favorite variety of milk and you'll swear you're drinking a traditional milk shake.

FOCUSUP DRINK MIX: Energy & brain boosting beverage in a delicious natural berry flavor with **no** artificial ingredients, **no** sugar and **just 10 calories** per serving.

XIOME365: Great tasting prebiotic superfood beverage with 25 organic nutrients, **no** artificial ingredients, **no** added sugar and **just 20 calories** per serving. It's like the healthiest tropical punch you've ever had.

So, say NO to those traditional, sugar-filled cookies, cakes, candies and ice cream and say YES to these health promoting, guilt-free Xooma beverages that are sure to satisfy your sweet cravings while making you look and feel great!
