March 2015
Monthly Update

Press Play and Present!

You might be thinking, how is it possible that Xooma's new business overview presentation could get any better. Well, it will this month!

Now, you'll be able to simply press PLAY for your guest or at an event, and let the presentation present itself with this new 'voice over' version.

Making this presentation easier than ever to present is Xooma's Vice President of Sales & Marketing, Ken Marsh, also known as the "Voice of Xooma." Watch for the official announcement of the release of this "Press Play" version in the first half of this month.

Wondering what the Cleanse Challenge might do for YOU? Here's the journey of Shari Lea Schmidt, and how she finally found success with this exclusive program!

"I started my weight loss journey 38 years ago, at the age of 10. I had been grossly overweight and under medical supervision for anorexia. I can honestly say that initially I had absolutely no clue what I was doing; dieted on so many programs yet I always ended up gaining weight! I would follow their menus, the

New Innovative App: Xooma Track & Go!

As you may already know, Xooma's X2O helps you get the most out of your water by increasing the alkalinity (pH) of your water, optimizing hydration, and revitalizing your body with 70+ essential trace minerals.

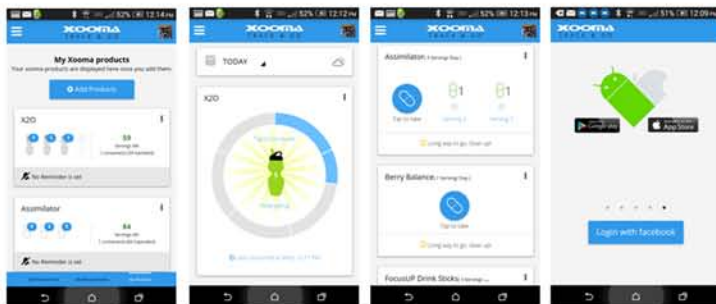

Now, the "Xooma Track & Go" mobile app (*launching later THIS MONTH for Android and Apple phones and tablets*) will help you get the most out of your X2O and other Xooma Products.

Xooma Track & Go has been designed to help you track your personal X2O Water consumption and also keep you on track with your personal product use with Xooma's entire supplement line.

To tailor it directly for your health, you'll want to input some of your 'vital statistics', including your height, weight, health goals, and selection of Xooma Products that you use and when you use them.

Xooma Track & Go will provide you with your Personal Daily Hydration Goal and also remind you when to take your Xooma Products. This fun and interactive app has been designed to help you reach your personal health goals through Xooma's cutting-edge products.

Cleanse Your Life Challenge...

schedules, their supplements, exercise - completely as I was asked. And I still gained weight! And we're not talking 1 or 2 pounds, more like 15 and 20. It was so frustrating. I ended up severely depressed, with low self-esteem and low energy. I was a medicated, overweight, unhealthy, unhappy woman who was EMBARRASSED at who I had become.

In May 2014 I met Crystal Andrus Morissette at one of her retreats. At one point I heard Crystal congratulating women on how awesome they looked and then heard the women talk about how amazing they felt. I came to find out they were speaking about Xooma products and Crystal's 30-Day Cleanse Your Life Challenge. Needless to say I signed up for the next one that was being offered, and I have never looked back.

January 2015 I completed my third Cleanse Your Life Challenge. I have to say I have never felt so much support or 'community' in my life - with anything I have ever done, much less to lose weight.

I am here to speak my truth to you that I have lost more than just 4 sizes. I have lost depression. I lost sore feet and ankles, knees and hips. I have lost that feeling of being an insecure embarrassed woman who hid in her home.

With this program and the amazing Xooma products, I have transformed into a woman who loves to dance, to exercise, is riding her horses again, and who enjoys going out with her friends. I gained a whole new lifestyle of health and wellness. I am confidently sharing with others all of Xooma's products, the 30-Day Cleanse Your Life Challenge AND Xooma's prosperity plan!!

In the depths of my being, I can say without a doubt I would not be here without these products and this program. Thank you Xooma Worldwide, Crystal Andrus Morissette, Ken Marsh, Christine Rose, Liz Nichols. I will forever be grateful. I am really enjoying life... My Life!"
