Have a blast this summer...with great tasting Xooma BLAST

It's May and the kids will soon be out of school for the summer. You've probably dusted off the grill by now and we know those invitations for outdoor parties are already starting to come in. And here in the U.S., Memorial Day is just around the corner.

Did you remember to stock up on Blast?!

There's no better way to beat the summer heat than with a great tasting, ice cold bottle of Xooma Blast. With 5 delicious flavors to choose from, this is the perfect guilt-free treat to enjoy all summer long.

You already know Xooma Blast transforms plain water to make a refreshing summer drink. But, did you know there are several other ways you can enjoy this exclusive product? Here are some examples:

Avoid the sugar and artificial ingredients of traditional popsicles by making your own healthy popsicles with your favorite Blast flavors. Here's another favorite for family members of all ages – how about Blast-flavored gelatin dessert? Simply add it to a pack of unflavored gelatin and create your very own healthy jello-like dessert!

And for those adult beverages of summer, why not use a concentrated blend of Blast (mix with 2–5 ounces of water) as a mixer instead of those typical high calorie, sugar-filled mixers found on store shelves. No matter how you enjoy Xooma Blast this summer, NOW is the time to stock up on your favorite flavors.

Below are the Item numbers for each flavor, making it easy to place your next order online. Or, you can contact one of our friendly Member Services Representatives for assistance.

Natural Collection's exclusive formula just got better!

Natural Collection™ is NEW and better than ever. Knowing how important this compound is to so many Xooma Members, we worked closely with specially chosen health care professionals, researchers and formulators to improve Natural Collection in several ways.

What's NEW? You'll notice that Natural Collection now has a noticeably improved taste. Using NO artificial flavors, colors or sweeteners, we've given the compound a pleasing 'tart cherry' taste. Not only does this make it more enjoyable to consume each day, you'll find yourself looking forward to the next serving.

We've also added three new key nutrients to Natural Collection that work in synergy with the other nutrients in the compound to provide improved results in less time. You'll find each new nutrient listed below along with a brief explanation of benefits those nutrients bring to you and your health.

Thiamine (Vitamin B1): Thiamine is a coenzyme and helps with functions essential to energy production, metabolism of carbohydrates, and neurotransmitter function.

Folic Acid: Folic acid helps your body produce and maintain new cells, and also helps prevent changes to DNA that may lead to cancer.

N-acetyl cysteine (NAC): N-acetyl cysteine is an amino acid naturally occurring in the body. This simple compound helps the body in a variety of ways, including enhancing the activity of Vitamins C & E, the immune system, and more.

Natural Collection is the kind of nutritional formulation that can only be described one way – AMAZING. If you're already a fan of Natural Collection, you're gonna love the additional benefits of this newly-improved formula!

Order your Natural Collection today with **Item #3700**, **Member Price \$74.98** (50% savings over Retail price of \$150!)

Share your personal success story this month and you could be a WINNER...

We want to hear YOUR story!

We constantly receive testimonies from Xooma Members around the world about how Xooma's products have positively impacted their health, sometimes within hours. Now, thanks to a simple yet creative tool developed through today's social media boom, we found a fast and effective way for people to share their personal stories/testimonies of what Xooma has done for them.

Mystory.xoomaworldwide.com is an interactive website where you can see our Members' personal product or business testimony, and it even allows you to search for people's testimonies on specific Xooma products.

You could be eligible to WIN! During the month of May, when you submit your testimony, you will be entered in a random prize drawing. Then, in early June, we will choose 3 random winners who will receive a \$50 certificate toward any Xooma products of their choice.

New Testimony Form. Don't get online much or you're short on time? No problem! You'll find a new Testimony Form in your back office to help you capture your testimony or those you meet one-on-one or at a crowded Xooma event. This Testimony Form allows our Members to record and share their personal testimonies (both product and business), and the testimonies of others, including family members, friends, and new Xooma Members. While we want to continue referring our Members directly to our testimony app, Mystory.xoomaworldwide.com, this form is great for those who may not have an internet connection.

Real people – real stories – real results! For new Xooma Members and veterans alike, we look forward to hearing YOUR personal story or video of the positive changes that Xooma has made in your life. Visit Mystory.xoomaworldwide.com today.
