

THE PULSE!

Xooma Worldwide

October 2014
Monthly Update

Could you use an extra \$500 per month?

Maybe \$500 isn't much to you... then again, maybe it is. For many people around the world, it would allow them more opportunities to enjoy life with less financial stress – especially during the upcoming Holiday season.

Here's the good news. In Xooma, earning \$500 per month is amazingly simple. With our Rapid Rewards Program, all it takes is 3 easy steps.

Even if you know *nothing else* about Xooma's prosperity plan – which includes 8 ways to earn income – you could maximize your income potential with this simple three-step approach.

Step 1: Making the commitment to purchase/use at least \$100 a month in products from your own Xooma 'store'.

Step 2: Personally refer four other people to becoming a new Xooma Member in your team who also purchase/use at least \$100 a month in products.

Step 3: Help those 4 people to duplicate steps 1 and 2.

Did you know?

- ♦ At today's weak interest rates on savings accounts and CD's, you'd need to have approximately \$600,000 in the bank to generate a monthly income of \$500 per month.
- ♦ You would need to work 50 hours per month at a part-time job paying \$10 per hour to earn \$500 per month.

Imagine how much easier it is to earn \$500 each month just following Xooma's simple 3-step plan. Hundreds of Members around the world are already doing this...and you can too!

Shining the Xooma Spotlight on Rapid Growth in Ohio

"It's crazy that some people feel that 2-5 years in business is a long time to get rich, but don't feel that 40 years at a job is a long time to stay broke." Susie Keehner recently shared this quote with Xooma's CEO and President Ron Howell. For some of

Xooma's top leaders in Ohio, their hard work and dedication is paying off after only a year or two. Who are some of the top people creating this rapid growth (even into KY and PA)? Casey & Matt Jackson, Joe Molinaro, Sue Gosser, Mary Beth Lodge and Barbette Spittler.

Casey and Matt Jackson came to Xooma for the products. They've certainly made a difference in their lives, FocusUP in particular for Casey, transforming her life from "Black and white to high Def color!" More recently, Natural Collection along with X2O and the Believe in Better pack have created enormously positive health benefits for Matt. Then they realized the potential of having an additional stream of income. Casey's goal? To reach the '4X4 Club'... which she recently accomplished!

Bottom line: making 100 phone calls for a recent water party, over 30 in attendance and several signing up that night. They're both motivated by supporting their team members and helping other people. Clearly, it's paying off, as Matt is now in the 4X Club himself.

Joe Molinaro is a Xooma Member who lives in Pennsylvania. One product he's really excited about is the Silver MAX gel. He recently got shingles and had to stay away from his wife and daughter since they hadn't had the chicken pox virus. After putting the Silver MAX gel on the rash, it made a huge difference – and fast. As a result, Joe is pretty fired up about the business. What's he doing? Some days he brings in 2 people a day, and he has helped at least one new Member get started almost every week since joining. Joe set his sights high and has a strong work ethic to support his aim. It's no surprise that Joe is also a Member of the 4X Club!

(continued on page 2)

Cold & Flu Season is almost here. Get Silver MAX in October & get a free bonus!

The kids are back in school. The cold weather is settling in. Is YOUR family's immune system prepared for this year's cold & flu season?

Thanks to Xooma, there are some pretty revolutionary products you can use on a regular basis to help boost your

health... including the power-packed X2O sachets. But the onset of cold weather can be demanding.

Whether you have kids in school or you travel regularly, Xooma's Silver MAX is one product you don't want to be without – especially this winter. So be prepared! Stock up this month and get a free bonus with every bottle your purchase.

During October, you will receive a FREE pouch (6 sachets) of X2O with every 8-ounce bottle of Silver MAX you order. *That's a \$7.19 retail value...absolutely free!*

So safeguard your health by boosting your immune system this season with the powerful combination of Silver MAX and X2O. Simply place your order for **Item No. #2498.**

What's up with YOUR blood sugar?

At Xooma, we hear testimonies regularly from Members who have lowered their blood sugar levels using Xooma's products. **Darrell Bledsoe** (previously featured in a Pulse newsletter) is just one of the many amazing testimonies we've received in this area.

More recently, **Nancy Moore** has had overwhelming success with Xooma's products, including improved blood sugar levels. Then there's Matt Jackson.

Four or five years ago Matt Jackson was told he had Type II diabetes. His numbers weren't good – they weren't dangerously high but they were still high. Thankfully Matt discovered Xooma in 2012. In addition to X2O, he began taking the 'Believe in Better' pack, especially for his blood sugar. Matt's blood sugar is now down to 110!

Need help managing your blood sugar? Then check out the 'Believe in Better' pack (**Item #8159**) and see what it can do for YOU.

Team Ohio (continued from page 1)

Sue Gosser came to her first event in Johnson City when Dr. Bobbi was a guest speaker. Having a nursing background, she recognized the benefits of Xooma's products almost immediately. Being in-between jobs at the time, it was perfect timing to launch her Xooma business. Clearly driven, she got up at that meeting with Dr. Bobbi, stated her name and told the crowd to remember it because they were going to be seeing it again. In fact, she recently helped 3 people get started in Xooma in just one day. Her hard work also got her into the important 4X Club. Watch for Sue's name as she continues to move up to new levels in Xooma.

Mary Beth Lodge had already been indoctrinated into the Direct Sales Industry... and by no fault of her own, had decided that she "wasn't very good at it." Well, her teammates have quite a different opinion. You see, Mary Beth makes a living by speaking and teaching about health, coaching people on life, health and stress matters. Where does it often begin? Drinking more water... especially when it includes X2O sachets! Mary Beth loves the educational side of Xooma, and Xooma's high quality products are an ideal fit. As a result her business has increased, in part due to online marketing campaigns... along with her personal dedication to family members and friends who continue to experience significant health improvements due to Xooma's products. Yes, another inductee of the 4X Club.

Barbette Spitler is an RN and joined Xooma over a year ago. She has a private practice, is a business woman, a public presenter and speaker. As a runner, she has seen significant personal results by using X2O. Recently a gentleman approached her after seeing her website and wanted to be part of her team. Soon after Barbette upgraded to National Manager and is becoming a force for positive change. She understands what Xooma has to offer, is completely aligned with Xooma's products and integrity, and is working to accomplish even more. And yep, you guessed it, she made it into the 4X Club also.

Ohio is fired up says Susie Keehner. "It's a perfect storm right now." They wake up every day and ask, who are they going to help that day. And they might ask YOU, "What are you willing to do to have what YOU want?" Because in Xooma, it's about relationships. And the momentum's building, like a wave. So the question is, *are you ready to CATCH this wave of success?* There's no doubt that the team in Ohio is already riding that wave.
