Transform your Water - Transform your Health

Your body is designed to be approximately 70% water. The most critical fluid in your body, your blood, is mostly water. Your muscles, skin, and vital organs all contain and need large amounts of water for optimal health. Water also transports oxygen to your cells, delivers nutrients, removes waste, and provides energy to the body.

So, why drink plain or “dead” water? Thanks to a breakthrough discovery in natural science, Xooma gives you a way to transform ordinary water into a powerful beverage that can hydrate, alkalize and revitalize your body. We call this revolutionary product “X2O” and it is Xooma’s #1 selling product!

X2O supports your health in 3 ways...

1. **X2O helps to hydrate your body at the cellular level.**
2. **X2O provides essential trace minerals & electrolytes your body needs each day.**
3. **X2O gives your body a healthy alkaline boost to fight against poor diet & modern day stress.**

“You can trace every sickness, every disease and every ailment to a mineral deficiency.” – Dr. Linus Pauling (Two-time Nobel Prize winner)

Products

By drinking water transformed by X2O you are providing your body with 70 essential trace minerals while ensuring improved hydration and creating an environment that leads to more alkaline balance in the body. It's all-natural, convenient & easy to use and can be enjoyed by every person in your family. Best of all, it is extremely affordable!

X2O may help to:

- » Regulate appetite/appetite suppressant
- » Increase metabolism
- » Release waste products from the cells
- » Boost energy levels
- » Reduce water retention
- » Alleviate some headaches
- » Decrease joint pain
- » Improve skin tone
- » Increase muscle and joint mobility
- » Increase your oxygen levels
- » Manage blood pressure
- » Neutralize harmful acids that can lead to illness

“The cells of a healthy body are alkaline while the cells of a diseased body are acidic.” – Dr. Arthur Guyton (author of the “Textbook of Medical Physiology”)

Get Energized – Get Focused!

Need more energy? Who doesn't these days? It doesn't matter if you're young or old, we all want that abundant energy to help us get through the day.

As a result, millions of people are turning to energy drinks as a means to maintain the "get-up-and-go" mentality. Unfortunately, the majority of today's energy drinks and shots are loaded with sugar and calories (didn't anyone tell those companies that most people are trying to lose weight these days). Sure, they usually give you a jolt of energy, but what about that "crash" feeling you get a couple hours later and the cost your body pays for that hit? Before you know it you're back to feeling tired and struggling to stay mentally focused.

Now more than ever, people around the world are desperately searching for a healthy source of physical energy and mental clarity without all the negative side effects of today's typical energy drinks. With FocusUP, you'll enjoy a clean, healthy boost of energy without that "crash" a couple hours later. And with **no sugar and just 10 calories**, this is a great tasting, guilt-free beverage you can enjoy every day. (Also offered in convenient capsules)

Rewind Your Mind

Products

Your brain is a pretty important organ. If you can't stay mentally sharp and focused in today's fast-paced world, it can make your life pretty difficult. That's why FocusUP is more than just an "energy drink."

Beyond the healthy energy boost you get, FocusUP provides a powerful synergistic blend of research proven ingredients that improve mental focus, concentration, memory and mood. No other energy drink on the market today offers this combination of high quality ingredients...and in the amounts which have been clinically shown to produce long-term results.

Ready when you are

When it comes to convenience, FocusUP is the perfect fit. No bulky, heavy cans or bottles to carry with you. Just slip the stick packets or capsules into your pocket or purse for "ultimate mental energy & focus" any time, any place. Best of all, FocusUP is priced LESS than most of today's popular energy drinks or shots.

Key Ingredients in FocusUP

Acetyl-L-Carnitine (ALCAR)

ALCAR's role in brain function is in maintaining, protecting, and improving cellular energy production. This abundance of energy is then utilized to create neurotransmitters and keep the brain in top shape.

DMAE

A significant body of scientific research into the effects of DMAE goes back more than four decades. Improved attention, concentration and academic/learning performance have been shown to occur with this nutrient.

Rhodiola

Decades of accumulated scientific studies validate rhodiola's usefulness for improving mental performance, energy and stamina. Rhodiola optimizes the release of acetylcholine, the neurotransmitter associated with learning, attention and memory.

Huperzine- A

Huperzine- A has demonstrated memory enhancing effects in cognitive states ranging from "normal" to "impaired." This nutrient also modulates the neurotransmitter dopamine, involved in cognition, motivation, mood, attention and learning.

Green Tea

For years, scientists have recognized that the catechin in green tea- specifically EGCG, exhibits a powerful ability to protect brain cells from free radical activity. It also significantly increases the rate of body fat burned or metabolized.

Vitamin B12

Vitamin B12 is a water-soluble vitamin with a key role in the normal functioning of the brain and nervous system. B12 is normally involved in the metabolism of every cell of the body, especially affecting DNA synthesis and regulation, but also fatty acid synthesis and energy production.

Prosperity Plan

What Does It Take To Earn Money?

By helping spread the word about Xooma, X2O and other exclusive “cutting-edge” Xooma products, you’re rewarded for your efforts with an extremely lucrative pay plan. All you need to do is help other people improve their overall health by encouraging them to use our high quality products. By showing them how to start their own Xooma Home-Based Business, you can make as much money as you’d like!

Three Steps to Success:

Step 1: Get Your Products FREE

First, we want you to go “shopping” in your personal online Xooma store that we give you FREE. Simply find at least \$100 in products that you and your family will use and enjoy every 30 days.

Next, just help 4 people get started as Members who are personally using/ or selling at least \$100 in Xooma products each month. As shown in the chart below, those 4 ‘personally sponsored’ and qualified Members qualify you for an \$80 bonus over and above all other commissions you earn.

Most people earn at least \$100 or more per month with just 4 people in their organization through this powerful plan. It’s like getting your personal product order for free every month. So, forget about those discount programs and coupons from your local store, simply refer 4 people to Xooma’s products and you could be getting your products FREE!

Step 2: Quickly earn \$450 - \$500 per month

Simply help your 4 personally sponsored Members duplicate what you did in Step 1. Like you, once they each have just 4 Members that they’ve sponsored using/or selling at least \$100 in Xooma products each month, they too will earn at least \$100 or more each month.

Prosperity Plan

With this small amount of effort you'll have 16 qualified Members on the second level of your sponsorship organization and you'll earn a \$320 bonus over and above all other commissions. At this point you'll have just 20 active Members in your Xooma organization and be earning **\$450 - \$500 (or more) each month!**

Step 3: Be "Financially Free"

Xooma's Prosperity Plan offers 8 different ways to earn income including things like "matching bonuses" and a luxury car bonus program. In addition, you can also qualify for incentive vacations and special prizes awarded each year. In fact, there's virtually no limit to the amount of income you can earn as a Xooma Member.

The most important factor to your success is simple "duplication". By encouraging each Member of your team to duplicate Steps 1 & 2 above, you'll not only help them earn income quickly, you'll also be building a large and profitable business organization for yourself. The bigger your organization, the more sales volume you'll create and the more income you'll make.

Imagine the possibilities if each Member of your team sponsored just 4 Members!

Level	Active Members	Your Bonus	Average Monthly Earnings
1	4	\$80	\$100 - \$125
2	16	\$320	\$450 - \$500

Qualifications:

- \$100 Personal Qualifying Volume PQV
- Active Members must also have \$100 Qualifying Vol
- No more than 10 of the Total Qualifying Members may come from one leg
- Average Monthly Earnings represents a combined total of all commission streams. Your results may vary.
